Current Louisiana Rate Information Now Available on LCUL Website

The Louisiana Credit Union League (LCUL) is pleased to announce that we now have current Louisiana rate information available to member credit unions via our website through a new partnership with Informa Research Services. Information available to League members includes rates for deposit/share products, loan products, credit cards, and mortgage products, with separate averages displayed for credit unions and banks; the rates will be updated daily. To view current rate information, [click here](#). Information is available only to LCUL member credit unions; a password is required for access.

LCUL is the first league to partner with Informa to make this state-specific information available to our credit unions. The League is pleased to provide this dues-supported service at no additional charge to member credit unions as an additional benefit of League membership.

Informa Research Services, a CUNA Strategic Services provider, is the premier provider of competitive intelligence and mystery shopping services to the financial services industry. Informa conducts daily surveys of retail, lending and business products offered by more than 10,000 financial organizations. Established in 1983 to meet a growing need for accurate and timely financial services product information, Informa quickly became the market leader of competitive data intelligence and mystery shopping services for the financial services industry. Informa has earned a reputation for extreme accuracy and enthusiastic customer service. To learn more about other products & services offered through this provider, [click here](#).
