## ***A New Choice/Convenience***

Your credit union has joined together with other credit unions nationwide in a cooperative effort to bring you a new choice in financial convenience....

### **The CU Service Centers® Network.**

A service center is a credit union facility that is actually owned and shared by a group of credit unions. It can also be a teller station operating in an authorized credit union's lobby, called an "Outlet," to provide services for members of other credit unions. Wherever you see the distinctive "swirl" logo, you are at a Credit Union Service Center®. By using the CU Service Centers® Network, your membership and accounts remain at your own credit union, but you can access your accounts and conduct business with your credit union through any of the convenient CU Service Center® locations. In this way, through a network of participating credit unions, access to your accounts and credit union services are made easier.

Now with CU Service Centers®, access to the credit union is even more convenient.

## ***On The Road***

No matter where you may be on the road, your credit union is now as close as the nearest CU Service Center®. With so many locations, you will be able to keep your credit union account even if you travel or relocate hundreds of miles from your credit union.

## ***Locations***

There are CU Service Centers® located throughout Louisiana and nationwide. For a complete listing of locations and hours of operation, ask your credit union for a CU Service Centers® Location Guide. You can also look up CU Service Center locations on the Internet at [www.creditunion.net](http://www.creditunion.net) or call 1-800-919-2872.

## ***How to Access Your Account and Services***

To access your account and obtain services at a CU Service Center®, you will be asked questions to verify your identity and present your account number, name of your credit union, and valid photo identification.

## ***Designed for Today's CU Member***

Today, credit union members like you are always on the go. CU Service Centers® are a sign of our commitment to help you make the most of your time and money. Thousands of CU Service Centers® are currently open, serving over 1,500 credit unions.

Over the years, credit union services have expanded. Many credit unions now offer members a wide range of financial products and services, including savings, share drafts, loans, ATM cards, debit cards, and now CU Service Centers®. What has not changed is the credit union commitment to serving people. At your credit union, you are never a customer. . . you are a member.

## ***Available Services***

At CU Service Centers®, you can:

- Make deposits and withdrawals
- Transfer between accounts
